

Acme Testing provides genuine customer service from the Pacific Northwest's premier full-service EMC and Product Safety Lab

Acme Testing takes the time to understand your needs

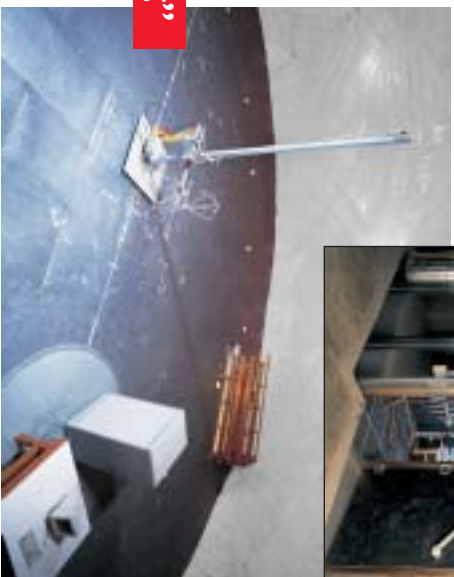

and provides you timely and appropriate advice, professional testing, and excellent documentation services. At Acme Testing you get "Real help for real problems," not just testing.

Partnership First

Our site in Acme, Washington is the only fully equipped, custom-built test facility in the Northwest that provides:

- Complete EMC Emissions Testing (20 Hz to 40 GHz) in a low RF Ambient Environment.
- Complete EMC Immunity Testing (all basic standards and test methods).
- Complete Radio Approvals Testing: 20 Hz to 40 GHz Low Power Wireless Device/Radio and High Power Transmitter/Transceiver/Receiver Radio Testing; both per FCC, Industry Canada, and European Union ETSI (R&TTE Directive) requirements.
- Commercial (FCC and "CE Mark"), Medical, Automotive, RTCA-DO160 and MIL-STD-461 EMC Testing.
- Bellcore GR-1089-CORE and EN 300 386 EMC Testing for Central Office Telecom Equipment.
- EMC-problem Mitigation Services.
- Training Courses and Seminars.
- ITE (EN 60950/IEC 950/UL 1950) Product Safety Testing.

"One-Stop Shopping"

Fully Registered & Accredited

- FCC, Industry Canada, and VCCI (Japan) Registered Sites.
- A2LA Accredited to ISO 17025:1999 for Electrical (EMC) testing (Certificate #s 0829-01/-02), BSMI (Taiwan) Designated Lab, Australia and New Zealand Recognised Lab.
- Validated European Union (EU) EMC Directive Conformity Assessment Body (CAB).
- UK Vehicle Certification Authority (VCA) approved Test Laboratory for the EU Automotive EMC Directive's "e-Mark" (Registration Number FAB 005).
- Nemko Accredited EMC Lab (ELA# 195a & 195b) for EMC Directive, Medical Device Directive, and Radio & Telemetering Equipment (R&TTE) Directive.
- Pending approval as an EU R&TTE Directive CAB.
- ISO 9001:2000 Registered Quality Management System (QMI Certificate #1828-010083).

Two Convenient Locations

- Our Full-service EMC and Safety Test Facility in Acme Washington serves the I-5 corridor from Portland Oregon, to Seattle Washington, to Bellingham Washington, to Vancouver British Columbia.
- Our EMC Emissions Test Site in Plummer, Idaho serves the Spokane Washington, Coeur d'Alene Idaho, and the Calgary, Alberta areas.

World-wide Market Access and Value Pricing

- Our EMC Test Reports directly accepted in USA, Canada, the EU countries, Japan, Taiwan, Australia, New Zealand, South Africa and Israel.
 - Our Test Reports accepted via the Nemko Direct Program in the Eastern European countries.
 - Access to South Korea, Russia and the Commonwealth of Independent States (CIS) countries via the "Nemko Direct" Program.
 - Access to the People's Republic of China (for the CCC Mark and for MIL Radio Type Approvals).
 - Low hourly rates, competitive quotes, and no hidden charges.
 - Your Test Plan is included in your quote (what you see is what you get)!
- Genuine technical expertise in all aspects of EMC (not just "knob turning").*
- EMC-problem Mitigation Engineering Services available at all times — at standard rates.*
