

July 20, 2007

Mr. Harry Hodes  
Acme Testing Company  
P.O. Box 3  
Acme, WA 98220-0003

Dear Mr. Hodes:

I am pleased to inform you that the European Commission has validated your organization's nomination as a U.S. Conformity Assessment Body (CAB) for the Electromagnetic Compatibility Sector of the U.S.-EC Mutual Recognition Agreement (MRA). Effective July 20, 2007, you may perform the duties of a Notified Body as specified in EMC Directive 2004/108/EC. A U.S. CAB is equivalent to an EU Notified Body. Your organization has been assigned the following Notified Body Number **1924**.

The facility below has been approved:

P.O. Box 3  
2002 Valley Highway  
Acme, WA 98220-0003

Validated U.S. CABs are listed on the NIST web site at <http://ts.nist.gov/Standards/Global/valcabs-1200.cfm> and in the European Commission's New Approach Notified and Designated Organisations (NANDO) Information System at <http://ec.europa.eu/enterprise/newapproach/nando/index.cfm>.

As the Designating Authority, NIST is responsible for monitoring CAB performance to ensure continued competence under the terms of the MRA. NIST will continue to work with you to maintain your designation through periodic mandatory requests for updated information. It is the responsibility of the organization to respond to these requests within the specified period of time. In addition, it is incumbent upon the organization to notify NIST within 30 days of any significant changes in the status of staff previously named as primary and alternate contacts and key technical personnel; changes in accreditation status, address, legal status, and liability insurance coverage; and any other factors that may affect the organization's ability to perform the functions of a CAB for which the organization is designated.

Please note the organization is designated only for the specific scope and location(s) indicated above. No other activities of the organization are included in this designation. The organization will not state nor imply that it has received NIST recognition for any activities other than those covered by this or other official designation letters from NIST.

**NIST**

Please be sure that you fully understand the terms under which you are obligated as a condition of designation as a U.S. CAB.

If you have any questions, please contact me at (301) 975-5503 or [maryjo.dibernardo@nist.gov](mailto:maryjo.dibernardo@nist.gov).

Sincerely,

Mary Jo DiBernardo  
Program Manager  
Standards Coordination and Conformity Group
